

WHO WE ARE

BINARC is a Microsoft Managed Services Provider that has utilized best-in-class people and tools to solve complex IT challenges for more than 20 years. We deliver customized IT solutions to drive digital transformation and improve efficiency, security, and remote work capabilities for clients large and small in both the public and private sectors. Our ultra-lean business model allows us to focus on client delivery—not overhead—and provide unparalleled subject matter expertise at reasonable rates.

Annie E. Casey Foundation
Pensacola State College
Dell Services Federal Government
NTT Data Federal Government
Sterne, Kessler, Goldstein & Fox

TESTIMONIAL

A Federal Agency CIO wrote this testimonial about one of our consultants.

“One of the strongest technical consultants I have worked with in my 34-year career. Not only does he possess highly technical SME skills, he is able to communicate effectively with all levels of the organization (i.e. Top Mgmt, Middle Mgmt and Operational Staff). Additionally, if something can’t be done, he won’t make excuses and is able to explain in detail why it can’t or shouldn’t be done. I recommend him without reservation.”
